

## **Programme of activities within the celebration of the Mediterranean Coast Day 2020 in Morocco**

The AGIR association celebrates the Mediterranean Coast Day 2020 in Morocco over several days, in collaboration with PAP/RAC, Faculty of Science and Technology Al Hoceima and IUCN.

### September 25, 2020

- 15:00 – 16:30        - AGIR launches a webinar for the youth from the Association of the Friends of the Sea of Al Hoceima, on threats facing the coast and the types of solutions and responses proposed for the youth to cure and mitigate those impacts.
  
- 17:00 – 19:30        - AGIR organises, together with former graduate students of Coastal Sciences of the Faculty of Science and Technology Al Hoceima, a webinar on the implementation of the Integrated Coastal Zone Management in the marine area of the Al Hoceima National Park, together with the management of the Al Hoceima National Park

### September 27, 2020

Live awareness raising via AGIR's Facebook through a boat trip to the marine part of the Al Hoceima National Park, together with the management of the Al Hoceima National Park

### September 30, 2020

Together with members of the National Committee of the IUCN Morocco, AGIR organises a webinar on:

- experience of CAMP "Morocco# and evaluation of lessons learned,
- Coastal Law of Morocco, stakes and perspectives / solutions,
- the new Fishing Law, stakes and perspectives / solutions,
- liquid and solid pollution from land-based sources, stakes and perspectives / solutions.
